express-letter  
registered

Dear Dr. Schlottfeldt,

I have much pleasure in informing you that the first partshipment against your order has taken place on the 20th July, 1957 by MS "CAP VILANO" from Hamburg to Rio de Janeiro.

Enclosed please find relating to the above shipment

Consular Invoice No. 8225 in duplicate

my Invoice No. 2483 in quintuplicate

amounting to US \$ 13,430.86

3 original B/L's No. 59 together with

1 "non-negotiable" copy of B/L No. 59

6 copies of my packing-list *= will follow by printed matter*

As you will see from my invoice the majority of the ordered goods have now been shipped. A second shipment will take place in the beginning of September.

As agreed upon please be kind enough to check my invoice and to forward immediately one copy of it to the Rockefeller Foundation, New York, duly signed and approved by you for payment.

For clearance of the goods I would suggest that you contact immediately Mr. Robert Briggs WATSON of the Rockefeller Foundation, Rio de Janeiro, who is quite experienced in this respect.

Hoping that this first consignment will reach you in perfect condition and that the quality of the articles will satisfy you in every respect I remain, dear Mr. Schlottfeldt,

Very truly yours,  
KARL KOLB

P.S. I just received your letter

No. 284/CSS/LA of the 1st August informing me that there is absolute necessity of having a "previous licence" made with the Brazilian Custom before any material can arrive in Brazil.

As the above mentioned consignment has already left for Rio de Janeiro, I unfortunately cannot do anything in this respect.

I would suggest, however, that by means of the enclosed documents such as invoice, packing-list etc. you effect the necessary for clearance of the goods.

to Carlos S. Schlottfeldt, Vicosia

please let me know in this connection how your future shipment s  
are to be treated. I would propose that you apply for the necessary  
"previous licence" for all articles ordered by you and as mentioned  
in my various Proforma-Invoices.

KARL KOLB
