Dear Dr. Currier:

With reference to your letter of May 5 Mr. Maestri tells me that the application forms were already sent to the graduate Division at Berkeley on the 20th of April.

I am sorry that the copy of the letter from Dr. McKelvey was not sent to you, but I am doing it now.

May I ask that in case Mr. Maestri's application is accepted you kindly write to the Rockefeller Foundation in New York giving immediate information about the matter.

Sincerely yours,
